Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Wednesday 21 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Most areas hot, dry and sunny again on Thursday.

This Evening and Tonight:
A warm and sunny evening for most with any early evening showers or thunderstorms soon fading. Another warm night with mostly clear skies follows, some coastal counties in northern and eastern Scotland and the eastern side of England turning cloudier.

Thursday:
Another hot, dry and sunny day for most. Isolated afternoon showers may affect parts of Wales and northern and central England though.

Outlook for Friday to Sunday:
Mostly fine and dry Friday before heavy rain spreads across southern areas overnight. Heavy showers across England and Wales over the weekend, fine and dry in Scotland and Northern Ireland.
